# Welcome!

As a continuation of our Links to Learning® curriculum, camp offers a fun-filled summer program for children ages 3 to 5. Each week, preschoolers jump into action, participating in fun and exciting activities and special events.

Our preschoolers have the opportunity to expand their horizons during the summer, embarking on new adventures, and having fun!

Although we want the children to have the best summer possible, we can't forget about all they've learned during the school year.

Our Links to Learning summer curriculum is designed to review and strengthen skills taught during the school year. Various academic activities will be integrated throughout your child's daily summer experience.

Our camp program will inspire your child's mind to engage, explore, create and stay active this summer!

Don't just stand there... bust a move! Through dance, drama and music, campers will practice self-expression while tapping into their inner performer.

## S.T.E.A.M. Squad

Campers will discover a magical place where science, technology, engineering, art and math come together to ignite curiosity and problem-solving skills.

## Splash Zone

Splish, splash! Campers will keep cool this summer as they play water-themed games, explore at water tables, run through sprinklers, and much more!

## Safety Town

We'll honor local police, firefighters, military and other community helpers, and show campers how they too can help by giving back and following safety rules.

## Eco-Explorers

Sunshine, water and nurturing is all it takes for a tiny seed to grow into a plant. Our campers will discover firsthand how weather and the environment affect living things.
