**EXAM PREP:**

**ACT and SAT**

Throughout their academic careers, students take many tests that help determine their future—including high school entrance exams, AP classes, the ACT and SAT and everything in-between. But no matter which exam a student needs to prepare for, our goal at Huntington is always the same: to help all students achieve their best possible score.

The ACT and SAT are complex exams, and even straight-A students can struggle to perform well. That is why all of our students work directly with highly qualified teachers to focus on their individual strengths and weaknesses to ensure they're confident and ready come test day.
